6. (Internal Use Only - PLC) LIAISON Robert Hull, State Department, called and inquired as to what the policy of the Agency will be when our bill H. R. 13615, CIARDS, becomes law authorizing retroactive retirement pay increases to retirees if the retiree has died and there are no survivor benefits. Hull has to establish a State Department policy for such payments which were authorized in their recently passed law. I told him I would have our personnel people check with the Civil Service Commission as to their policy since we are adopting their law and I would let him know. [REDACTED] OP, is checking with CSC.

LIAISON Based on a conversation I had with  SA/DO/O, I called Kempton Jenkins, Department of State, and told him that I understood that a new procedure had been worked out for the purpose of checking out names and asked if Larry Eagleburger, also from State, was satisfied with the new system. He said he would look into it and advise me if Eagleburger was not satisfied.

12. (Internal Use Only - PLC) LEGISLATION Called Bob Hull, State Department, and discussed the amendment to the cost-of-living adjustment provision in the Foreign Service Retirement Act amendments recently enacted into law. Hull said that the House International Relations Committee had struck the "1% kicker" in its reported out bill which was approved by House floor vote. The Senate, however, amended the bill to tie the cost-of-living provision to changes in the Civil Service law and this was approved in conference.
